Crossroad ClientCare Longitudinal Data (CCLD) Summary
(Data Ending 3/31/2019)

All CDP Sites

May 8, 2019
Compliance with Data Collection

The following charts are based upon data collected in the past 100 days (or since ClientCare tablets began being used if ClientCare usage is newer).
How often are questions not being asked?

Food Security, Social/neighborhood support, or stress was not reported

Data was collected: 193
Skipped Questions: 90
How often is food sent out, but survey data is not collected?
The following charts are based upon most recent recertification data collected in the past 365 days (or since ClientCare tablets began being used if ClientCare usage is newer). Each household is counted only once.
Head of Household Age

Age of head of household (person who normally picks-up food)

- Not Reported
- <20 years old
- 20-30 yrs
- 30-40 yrs
- 40-50 yrs
- 50-60 yrs
- 60-70 yrs
- 70-80 yrs
- 80-90 yrs
- >90 yrs

Frequency

- Not Reported
- <20 years old: 19
- 20-30 yrs: 53
- 30-40 yrs: 63
- 40-50 yrs: 43
- 50-60 yrs: 33
- 60-70 yrs: 19
- 70-80 yrs: 8
Household Size

Frequency

Household size

Not Reported  | 1  | 2  | 3  | 4  | 5  | 6  | 7  |
---           | ---|---  |---  |--- |---  |---  |---|
40           | 40 | 39  | 28  | 42 | 44  | 26  | 19 |
1             | 1  | 2  | 3  | 4  | 5  | 6  | 7  |
Not Reported  | 1  | 2  | 3  | 4  | 5  | 6  | 7  |
Head Educational Attainment

Educational attainment of head of household

- Not reported: 19
- Less than HS: 122
- HS: 52
- Some College or Technical: 31
- College degree or more: 14
Household Educational Attainment through High School

The diagram shows the frequency of households with different numbers of members who have completed 12th grade education or more. The bars indicate:
- 107 households with no members with 12th grade education.
- 66 households with one member with 12th grade education.
- 21 households with two members with 12th grade education.
- 2 households with three members with 12th grade education.
- 2 households with more than three members with 12th grade education.

The x-axis represents the number of household members with 12th grade education, ranging from 0 to 3. The y-axis represents the frequency, ranging from 0 to 100.
Household Educational Attainment Beyond High School

- Frequency of 0: 160
- Frequency of 1: 32
- Frequency of 2: 6
- Frequency of >3: 0

Number of household members with some college education
Transportation to Site

Mode of transportation to site

Bus/Train: 5
Walking: 33
Car: 110
Other: 90

Frequency
The following charts are based upon data that is collected at each visit. The charts are compiled using the most recent data collected in the past 365 days (or since ClientCare tablets began being used if ClientCare usage is newer) for each household. Each household is counted only once.
Economic Variables
Receives Snap?

Household receives SNAP

Economic Security—Planning for Future

In planning savings and spendings,...which time period
Health Variables
Smoking

Do you smoke cigarettes

- Not Reported: 62
- Some days: 9
- Everyday: 9
- Not at all: 182

Frequency chart showing the distribution of smoking habits among respondents.
Ever told by dr/nurse that you have diabetes?

- Not Reported: 49
- Yes but only during pregnancy: 33
- No: 180
High Blood Pressure (Hypertension)

Ever told by dr/nurse that you have high blood pressure?

- Not Reported: 56
- Yes, but only during pregnancy: 61
- No: 145
Obesity Measured via BMI

```
Not reported 27
underweight 1
normal 31
overweight 59
obese 67
morbidly obese 22
```

freq / 38 = 29 / 38
Self-rated Overall Health

Frequency

- Not reported: 16
- Excellent: 14
- Very good: 29
- Good: 84
- Fair: 60
- Poor: 4

self-rated health
Food Security

Overall food insecurity in household, adjusts for children if data was collected.
Social Support Variables
How many people do you speak with on a typical day?

- Not Reported: 2
- <3 people: 20
- 3-5 people: 22
- 6-10 people: 8
- >10 people: 6
Help with Healthcare Issues?

Is there a place that you usually go to when you are sick or need advice about your health?
Affective Social Support (Client feels they have people to help them)

Social support score for affective support, higher indicates more social support.
